Sterling Europa

With its cool new Scandinavian influenced interior the new Europa range is designed for those that enjoy contemporary living. Spacious interiors, with popular layouts, offer class-leading headroom with modern new fabrics and re-styled furniture in 'Oregon pine' with ebony accents.

Inside, stylish front lockers have recessed mains lights and rooflights provide good natural light and ventilation. Comfortable seating and easy storage is based on beech slat seat bases with sprung hinged tops. Washrooms have the latest Thetford toilet and lined showers. Three mains sockets and two TV points cater for modern entertainment needs.

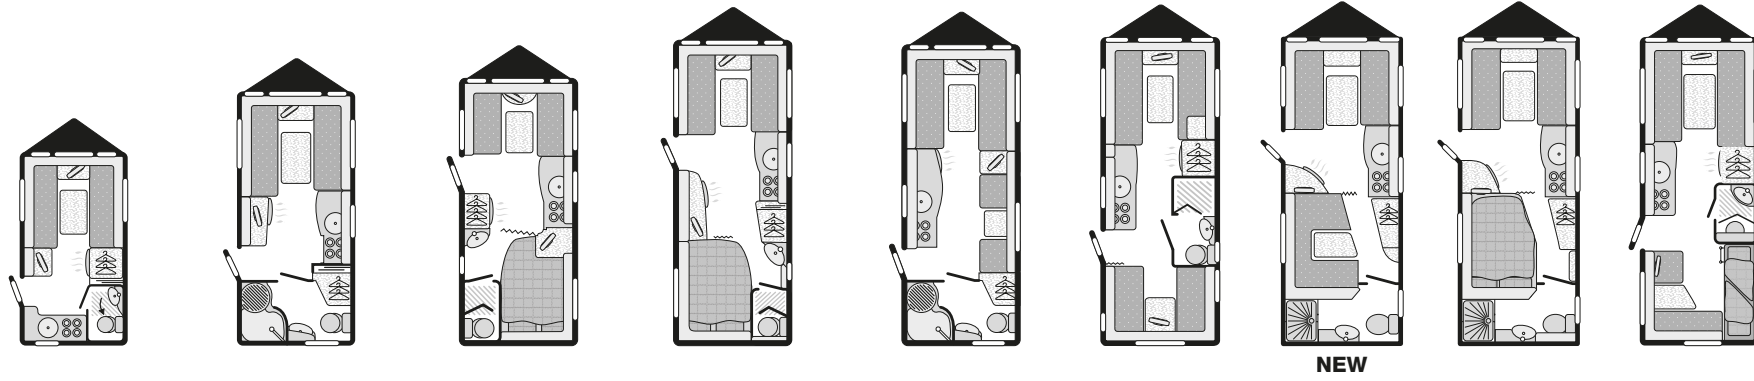

Streamlined exteriors have one-piece, thick gauge aluminium sidewalls with completely new graphics, a one piece rear panel, alloy wheels and shock absorbers for a smoother ride.

Restyled kitchens have new appliances with a built in microwave oven, stainless steel effect electronic ignition fridge, Thetford oven and dual fuel hob and a unique new granite-look sink. For better storage on the move kitchen lockers now have positive catches. New to the range is the 545, which shares the same layout as the bestselling 550 but has a wrap around rear dinette in place of the fixed bed.
